Year 2016-17

Group discussion

Subject: Major tribes of the world

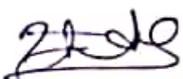

A group discussion was held for the B.A. 5<sup>th</sup> semester students of our college on 20/9/2016. The discussion was organized for 17 students and they were divided into two groups A and B. The results from that group discussion are as follows:

(1) Knowing that the term tribal is used in different contexts to refer to the category of human social groups.

(2) The interpretation is disputed due to conflicting theoretical understanding of social and blood relationship structures this concept reflects problematic application to the most diverse human societies.

(3) It is understood that the lineage or genealogy is large.

From this group discussion the students got to know the major tribes of the world and their lifestyles.
