Conversation: Talking about roommates

ERIC: So, Michael, what's your new roommate like?

MICHAEL: Well, if you have all day, I'll describe him for you. He's quite the character.

ERIC: I don't have all day, dude—but basically—do you get along with him?

MICHAEL: Actually, yeah—but that's only because we hardly ever see each other. The guy sleeps all day. Sometimes he gets up just to go to his classes, and then he comes back to the room and goes back to bed. Then he'll get up at midnight and study all night.

ERIC: Really? You don't eat together, then?

MICHAEL: The truth is, I don't even know when he eats, or where.

ERIC: Then at least he doesn't leave a mess in the kitchen.
